Did You Know That Children Have Options for Specialized Care?

While well known for our world-class burn care, Shriners Hospitals for Children® - Cincinnati is also a recognized leader in the field of plastic and reconstructive surgery as well as complex wound conditions.

We welcome the chance to accept children into our health care system who may have been treated at another facility, but now require more specialized care.

The hospital's care coordination/social work staff is available to assist families with any housing and transportation needs.
